

The Swedish Institution of Rubber Technology Autumn Conference 2019 30-31 October in Värnamo

Invitation

The Swedish Institution of Rubber Technology is inviting you to its autumn conference the 30-31 of October. The conference will be held at Gummifabriken in Värnamo.

Theme

The theme of this conference will be rather broad as normally with the autumn conference. There will be a focus on subjects close to process and production since we are in one of largest rubber production areas of Sweden. The ambition from the organizing committee is to arrange factory visits but this is still to be confirmed.

Conference dinner on 30th

SGF is inviting you to conference dinner on Wednesday 30th in the restaurant Madame, located on the same venue as the conference. We will enjoy the fantastic environment, food and Welcome to Värnamo!

Hotel

We have pre booked Stadshotellet (Scandic) for participants in the conference. The hotel was built in 1955 and was one of the most modern in Europe. They could even communicate with the whole world with fax, new at the time. Another modern thing was the elevator, residents from the city were lining up just to try an elevator. The hotel has kept the original 1950s style and created a fantastic retro environment.

Frank Sinatra is one of many guests that has stayed in the hotel...now it's your turn.
