

Call for papers

The Swedish Rubber Association (SGF) invites presenters for the

Annual Swedish Rubber Conference 2017

Theme: Fundamentals in Rubber Compounding

The conference will be held 17-18 May 2017 in conjunction with Plastteknik Nordic 2017 at Easy Fairs Malmö, Sweden

Scientists and engineers working in the rubber and polymer fields are invited to submit papers for the following topics:

Equipment for compounding

Polymers and their build-up

Fillers in compounds

Quality control

Rubber-metal bonding

Viscosity of compounds

Evaluation of mixing procedure

The target group is a person who has been working in the rubber industry for a few years, without being an expert

Please note that the conference may be held partly in Swedish.

Abstracts of maximum 250 words can be submitted via e-mail to:

info@sgf.se

Please inform the topic of the presentation and the name of the presenter in the mail.

The deadline for abstract submission is February 15th

Authors will be informed no later than March 1th
