

Call for papers

The Swedish Institute of Rubber Technology (SGF) invites presentations for the
Annual Swedish Rubber Conference 2016
Theme: Polymers in the Rubber industry
The conference will be held 13-14 April 2016
in conjunction with Plastteknik Nordic 2016 at Easy Fairs Malmö, Sweden

Scientists and engineers working in the rubber and polymer fields are invited to submit papers for the following topics: Polymers in the Rubber industry

| | |
|---|-----------------------|
| Proceedings in Polymer development | Polymer testing |
| The polymer's influence on processability | Other relevant topics |
| Additives to improve compound properties and processability | |

Abstracts of maximum 250 words can be submitted via e-mail to:

info@sgf.se

Please inform the topic of the presentation and the name of the presenter in the mail.

The deadline for abstract submission is 31st January

Authors will be informed no later than 15th February
